FAQ'S

A modern interior design featuring a dining area with a wooden table, white chairs, and a large window with horizontal blinds. A contemporary pendant light hangs above the table. The ceiling has recessed lighting. A dark blue semi-transparent box is overlaid on the left side of the image, containing the text.

OUR STORY

Dear Ms./ Mr.

We would like to personally thank you for considering Logros as a partner for your home interiors. When Seema (our founding director) started following her passion in 2007, our aim was to help people design & build their dream homes & make the process as easy and joyful as possible. Along our journey, we have designed homes for 100's of people across the country and have been fortunate to have them featured. Most importantly though, we have been able to keep the trust of all our Clients and have been rewarded with their happiness and friendship on seeing their dreams come true.

In the year 2020, we broadened our vision to give access to our full-suite of services to everybody, regardless of project size, location or budget. We are on a mission to DEMOCRATIZE DESIGN and are working daily to address each and every pain-point of every new-homeowner in designing and executing all of their interior works.

We at Logros are now able to reach 100's of homeowners... yet our motivation remains the same as when we started out on this journey: to DEMOCRATIZE DESIGN - to passionately design, manufacture & install the most beautiful homes we can... in any budget... for Everyone. Welcome to Designer Homes. Inspired by You. Welcome to Logros.
